

Private Lessons Survey
6wk, 18 session, Jul-Aug 2011

Did your son/daughter enjoy the program?

Definitely!

Were your son/daughter expectations met?

Yes. The parents' were too!

Did your son/daughter receive sufficient attention for their personal and skating needs?

Yes. Often times, as needed, the skaters were directed in ways that would improve their performance.

Did you feel the program was too long or too short in any such manner?

I am surprised at how quickly the 17 sessions Lucas attended sped by. I see the need for having 18 sessions and feel it was the perfect amount of instruction and time to improve his physical performance and work on skating form.

How would you rate your instructor (Peter)

Excellent!

Would you return your son/daughter to a Radius Edge camp/clinic/private lesson?

Absolutely! Hopefully sometime in the future.

Would you recommend Radius Edge to a friend?

Yes!
